ILLUSTRATED PARTS LIST

MARCH, 1966

The following pages contain an illustrated parts list for the MAC 1-10 and MAC 2-10 saws. Due to small differences between saws, it is important that the Serial Number of your saw be included whenever spare parts are ordered.

Part numbers which have changed since the previous printing of the illustrated parts list covering these saws, are indicated by a dash (-) preceding the new part number. The dash precedes part numbers changed by a letter suffix as well as those changed to an entirely new number.
