

PARTNER

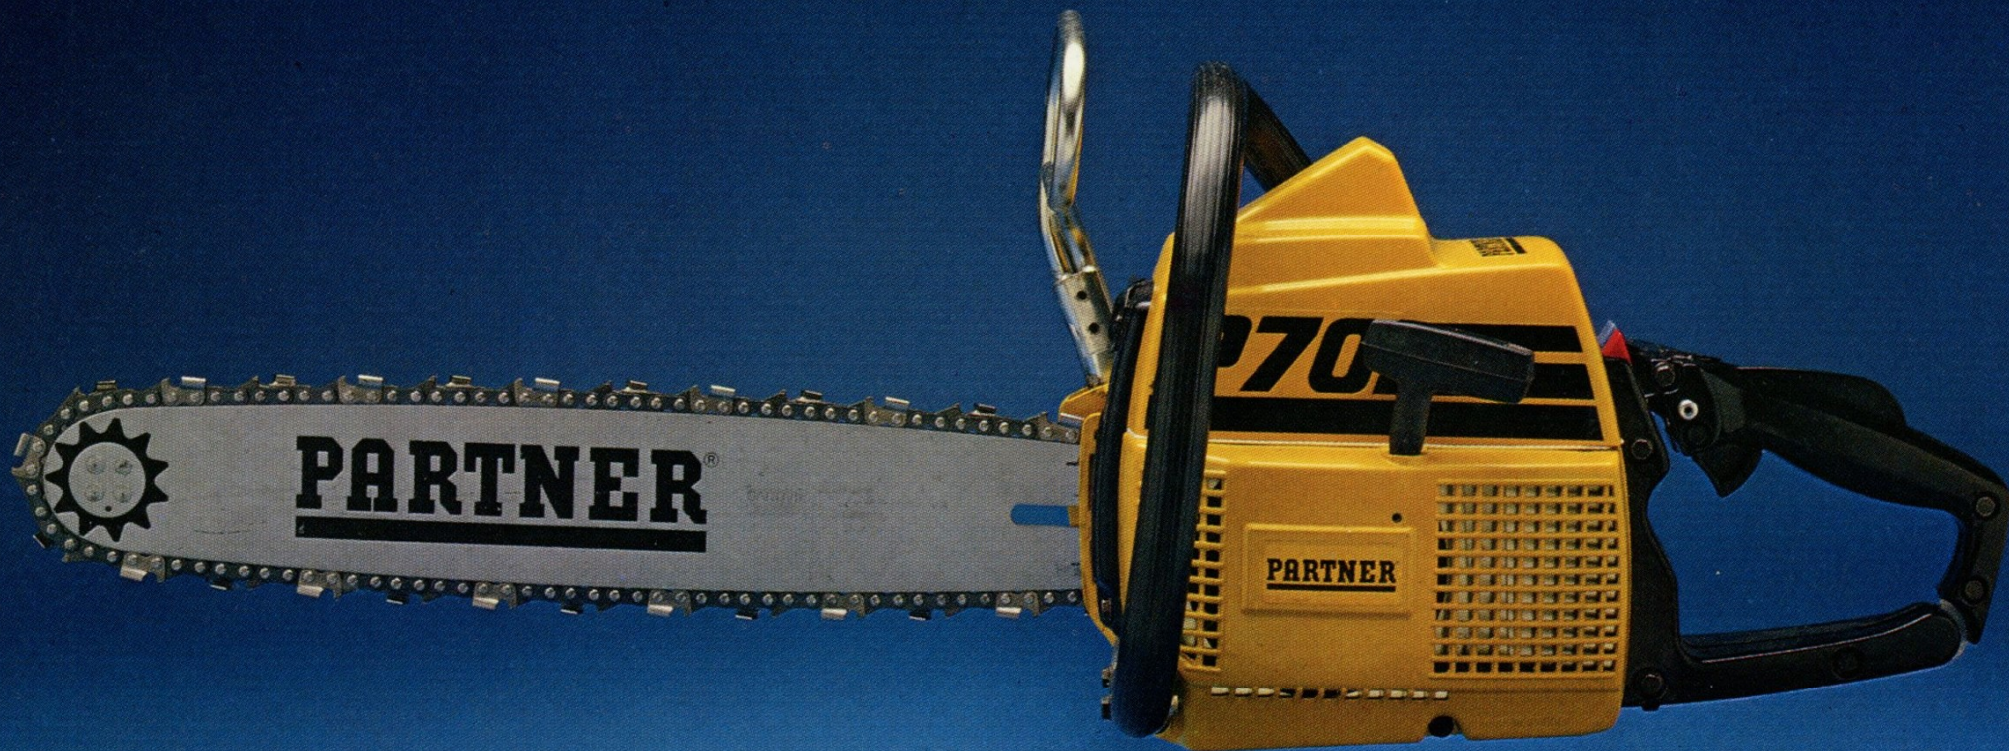

The Partner Programme 81/82

Partner P100

Power, capacity and low weight make the P100 a perfect machine for tough and demanding forestry work. The P100 is easy

to start because of the unique Partner ignition system—Ignitron and T-port cylinder—and it is also well devibrated.

Partner P70

A durable and versatile chain saw for professional forestry. The P70 has many fine technical features, an Ignitron ignition

system and T-port cylinder, is well-balanced, effectively devibrated and has a low noise level.

Partner 5000

The born professional. An outstanding chain saw—powerful, safe and dependable. Also versatile and easy to handle. A

noise level of only 101 dB furthermore makes the Partner 5000 one of the quietest professional machines on the market.

Partner S65

The S65 is an ideal saw for both heavy and difficult jobs. It is powerful, durable and reliable

apart from having a closed and devibrated handle system.

Partner S55

A high-output and reliable all-round saw which can easily carry out all tough jobs. The perfect machine for those who

work occasionally in the forest. A chain saw with completely professional safety equipment is well worth its price.

Partner S50

A sturdy and powerful saw—a further development of an extremely successful model of

which more than one million units have been sold.

Partner 500

Powerful, safe and easy to handle—completely unique in its class. Perfect for those who alternate their ordinary work with a little forestry. The Partner 500

is easy to service, has a low noise level, is well devibrated and has a self-lubricating clutch bearing.

Partner 1614 and 1616

Sophisticated and safe hobby
chain saws with automatic brake

which can smoothly and effi-
ciently carry out most home jobs.

Partner 1612 and 1613

A easy-to-handle and reliable
chain saw for jobs at home... an

excellent aid when cutting
firewood.
