

Jonsereds 75

New stronger and safer*

It is called JONSEREDS 75,
the new saw from Jonsereds.
Backed by experience from
the well-tried JONSEREDS 60.
Just as adaptable and elegant,
just as silent and reliable as
the JONSEREDS 60.

And with minimum vibration

In addition, it has
a completely new
feature, a safety
catch* which
protects the saw
from any
unintentional
opening of the
throttle.

(Patent pending).

JONSEREDS 75 has a new
more powerful engine,
4.5 cu. in., which ensures
efficient and safe operation.
It is nevertheless light
only 16 lbs.

Fitted with a 13" bar
which can be replaced by a
16" or longer.

Try it, it does
a perfect job.
