

You're in luck when you've got a...

McCulloch

Mini Mac 35

Bar nose specially hardened with space age steel for maximum life.

14" bar cuts logs up to 28".

Patented clover-leaf sprocket; supports chain for smooth belt-drive action.

Automatic clutch disengages at idle speeds.

40 to 1 McCulloch fuel mix burns cleaner for more power and economy.

Automatic oiler pumps exact amount of oil to bar and chain as you cut. Assures proper lubrication for longer life.

All position carburetor operates at all cutting angles.

Throttle, on/off switch, oiler, all controls are grouped beneath "Master Grip" handle just a finger's reach away.

Roller and needle "anti-friction" bearings add extra life, deliver more power.

Unique design puts handle directly above the center of gravity: weight is evenly balanced for one-hand control between cuts.

Hard chrome cylinder for maximum life.

Automatic rewind starter is close-coupled to "Master Grip" handle for balanced starts.

High-density air filter is simple to remove and clean: snap-on cover clicks in place. No screws or bolts.

Spark plug recessed at base of handle: shockproof, won't snag on branches.

Mini Mac 35 AMERICAN FAVORITE, SUPER LIGHTWEIGHT

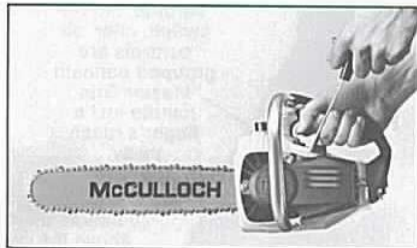

- Big 2 cu in engine zips through a 6" log in less than 5 seconds.
- Fun, easy to use. Weighs just 7 pounds.*
- Pays for itself. Cut firewood, trim trees, build patio furniture.
- Big 14" bar and chain handles logs over two-feet thick.
- Automatically oils its own bar and chain as you cut.

McCulloch Mini Mac chain saws are the world's most popular. And the Mini Mac 35 is the most powerful Mini Mac ever. It's chock-full of features, yet weighs just 7 pounds.* And that's important.

When you're hefting saws in a store you don't notice much difference in weight. But when you're out there cutting even a half pound makes a great difference.

And you'll like the feel of this super lightweight. It's more like using an electric carving knife than a chain saw.

The "Master Grip" handle is placed directly over the center of gravity for one-hand control between cuts. All controls are grouped beneath the "Master Grip" handle, just a finger's reach away. This design makes it easy to start and use. Just grab the "Master Grip" handle in one hand and pull the starter rope with the other.

Each Mini Mac 35 is started and tuned before it is packaged to insure dependability and comes complete with bar and chain adjusting wrench/screwdriver tool, McCulloch warranty and owner's manual.

Easy one-hand control. Our "Master Grip" handle is directly over the center of gravity so the saw is always in perfect balance. This means you can control the saw with just one hand between cuts while the other hand is free to clear away limbs and branches.

McCULLOCH CUSTOM LUBRICANT

A significant breakthrough in 2-cycle engine lubricants. It mixes with gasoline 3 times easier than conventional SAE 30 wt. oils at all temperatures, even down to -60 F. Yet it does an excellent job of lubricating, use it at 40 to 1 gas/oil ratio. It features superior scuff-resistance, minimizes carbon deposits, rust and wear under all operating conditions. Best for chain saws, outboards, snowmobiles, motor cycles, lawn mowers and industrial use. And it's approved by the Boating Industry Association — meets or exceeds all of their standards.

McCULLOCH CHAIN, BAR & SPROCKET OIL

Special anti-wear formula can give up to double chain life. Special "MOLY" additive gives extra lubrication protection during critical first seconds of cutting. Extra "tackiness" makes oil cling to chain at high speeds for better lubrication, less waste. Also contains new "anti-gum" additive to keep cutting fast and smooth even in green, sappy wood.

FEATURES AND SPECIFICATIONS:

MINI MAC 35	
Weight*	7.06 lbs. (3.17 kg)
Guide Bar	14"
Overall Dimensions (outside frame)	8 1/2" L x 9 3/4" W x 7 1/2" H (219 x 238 x 193mm)
Muffler	Louver type
Easy Starting	Automatic rewind with nylon rope
Bar/Chain Oiling	Automatic
Handle Frame	"Master Grip" with grouped controls
Displacement	2.0 cu. in. (33cc)
Carburetor	Diaphragm type with choke. Fully enclosed with external adjustments.
Fuel Type	Regular grade automotive
Fuel Mix	40:1 with McCulloch Custom Lubricant
Clutch	Automatic centrifugal
Ignition	McCulloch high tension magneto
Chain	McCulloch MM 370G
Sprocket	6 tooth, .375" pitch (9.53mm)

*Stated weight is power unit only. Weight equipped with 14 inch bar and chain is 8.6 lbs. (3.90 kg.)

ACCESSORIES:

Spark Arrester screen, Part No. 89685
Sound silencer muffler for maximum noise reduction, Part No. 84992
Rugged double-walled carrying case, Part No. 84959
Gas 'n' Go Kit (fuel can, oil wedge, project booklet) Part No. 83463
Bar and chain guard, Part No. 83124
Chain Maintenance tool kit (files, guides, depth gauges, wrench) available
