

REMINGTON® CHAIN SAWS

lightweight...easy to handle...fun to use

Here's a complete line of 5 new REMINGTON gasoline chain saws designed to fit all your customers' needs. The REMINGTON OUTDOORSMAN is low priced, lightweight and has a 12" cutting capacity. It also offers a unique dual chain oil system that provides automatic trigger oiling during normal cutting, plus a manual override for extra chain oiling when doing heavier cutting jobs. REMINGTON SPORTSMAN has a 14" cutting capacity and offers a triple chain oiling system, cushioned hand grips and a sprocket nose guide bar. The new REMINGTON RANCHER is for your customers wanting more cutting capacity and power in a chain saw. It offers a powerful 2.9 cu. in. full roller bearing engine and a 16" sprocket nose guide bar. And

for the most demanding customers with the big cutting jobs REMINGTON WOODSMAN will fill the need. It features a powerful 3.6 professional quality full roller bearing engine, dual automatic chain oiling system, a large 19" roller nose guide bar and cushioned hand grips. REMINGTON LOGGER is the top of this chain saw line with a powerful 4.0 cu. in. engine and a big 21" roller nose guide bar. See back of this page for specifications.

These 5 new REMINGTON gasoline chain saws carry a 2 year warranty and offer your customer a selection of the finest chain saws made. REMINGTON chain saws are proven performers that are backed by over 35 years of chain saw engineering and manufacturing know how.
